

Education

Stony Brook University (Stony Brook, NY)

Doctor of Philosophy in experimental psychology (advisor: Christian Luhmann) 2016

Master of Arts in psychology 2013

Allegheny College (Meadville, PA)

Bachelor of Science, psychology and mathematics double major 2011

Valedictorian (class rank 1/589, GPA 4.0/4, *summa cum laude*)

Research

My research interests lie in social psychology, decision-making, health (particularly alcohol use), and sexuality. I use data-analytic methods from both statistics and machine learning, with an emphasis on predictive modeling. I'm also interested in open science: I make data, code, research notes, and working papers freely available on my website, Arfer.net.

Work experience

Postdoctoral scholar, Global Center for Children and Families, 2016 – present
University of California, Los Angeles

Conduct research and data analysis concerning social psychology, decision-making, health (particularly alcohol use), and sexuality. Manage data and provide statistical consultation to faculty and postdoctoral fellows.

Teaching assistant and graduate student, Stony Brook University 2011 – 2016

Conducted independent research towards a PhD. Presented own research yearly in a department colloquium. Taught courses and assisted with teaching the courses of others (by delivering guest

lectures, writing and proctoring exams, grading, and holding regular office hours for students).
Obtained particular experience in teaching research writing, research methods, and statistics.

Tutor, Allegheny College

2008 – 2010

Tutored high-school and college students in various mathematical subjects, such as geometry, calculus, abstract algebra, and analysis.

Computer skills

I have written and maintained programs in languages such as Python, Perl, JavaScript, Lua, R, MATLAB / Octave, C, and C++, and I am a core developer of the compiler for the Hy programming language. See <http://arfer.net/code>. I also have experience in web development, Linux system administration, and database management. Finally, I have experience with using Python, R, SPSS, SAS, and Excel for data analysis.

Honors and awards

Honorable Mention, NSF Graduate Research Fellowship Program	2012, 2013
Stony Brook University Graduate Council Fellowship	2011
Allegheny College Departmental Honors in Psychology	2011
Allegheny College Frederick H. Steen Prize for Excellence in Mathematics	2011
Phi Beta Kappa	2010
Psi Chi	2010
Allegheny College Outstanding Junior Major in Mathematics	2010
Nominee, Barry M. Goldwater Scholarship	2009
Allegheny College Trustee Scholarship	2007
